NORTHSIDE HIGH SCHOOL

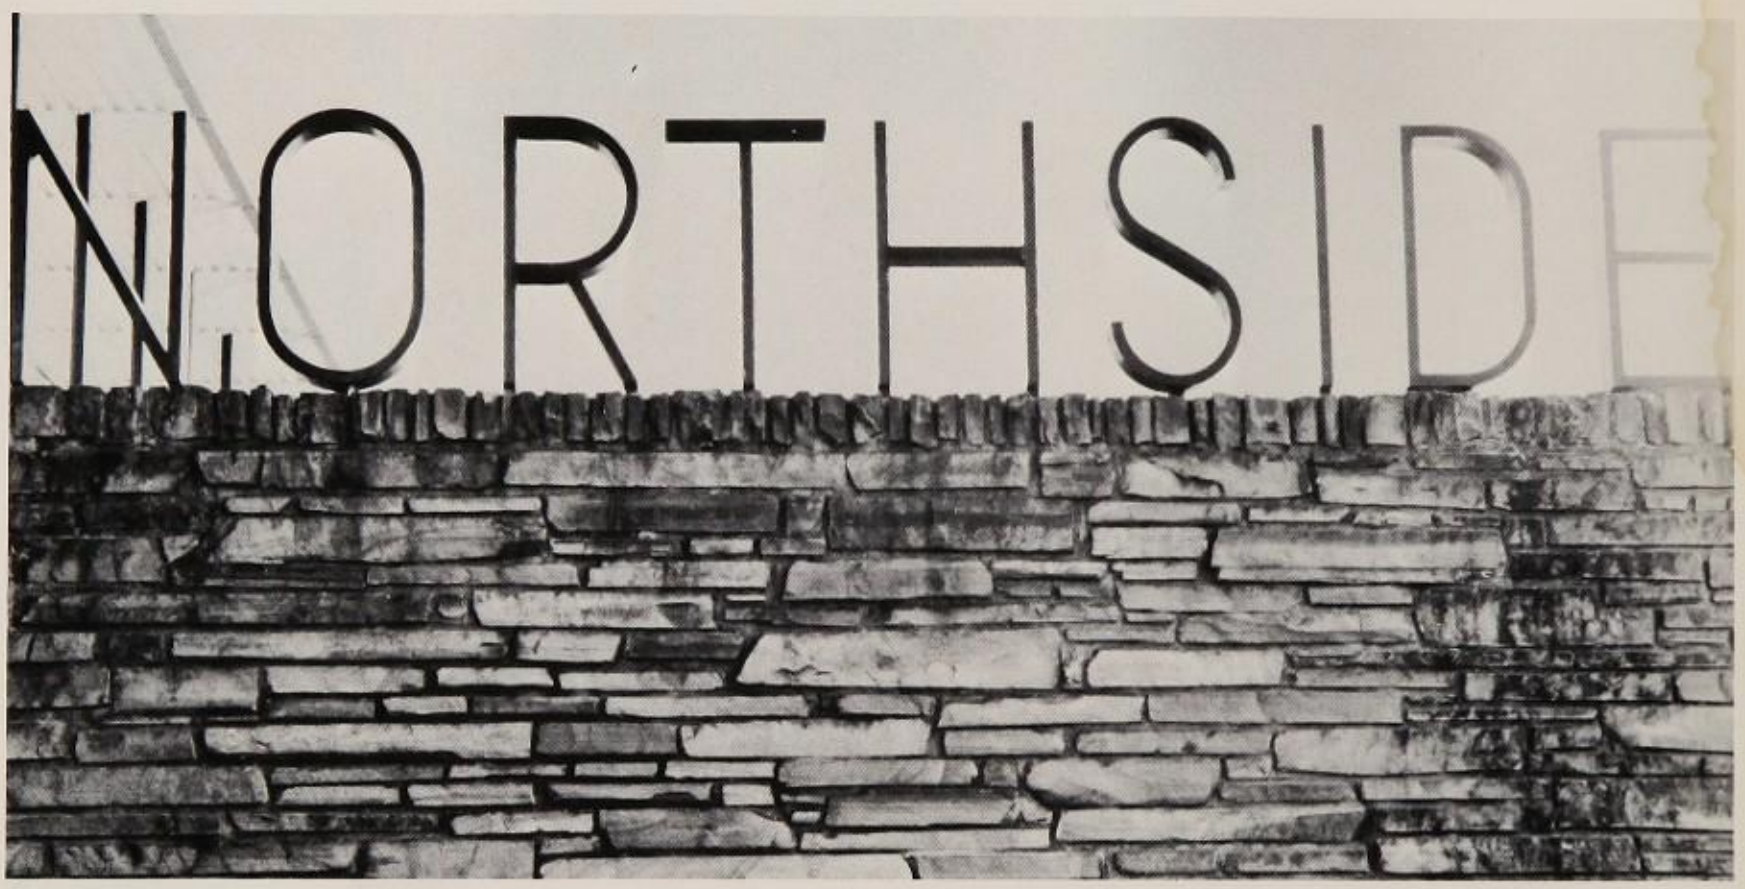
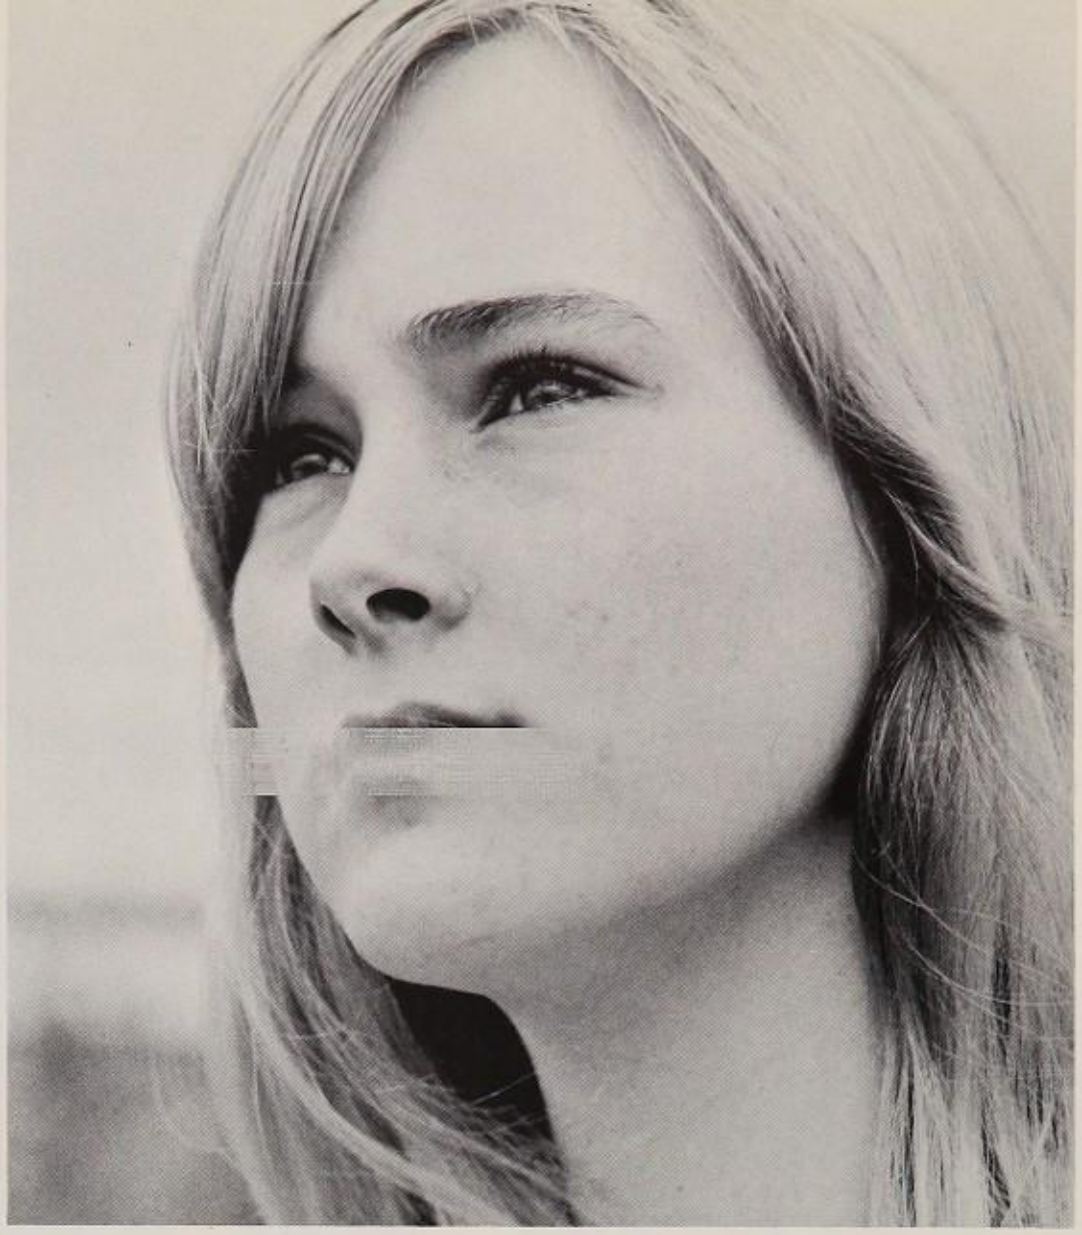
THIS IS NORTHSIDE

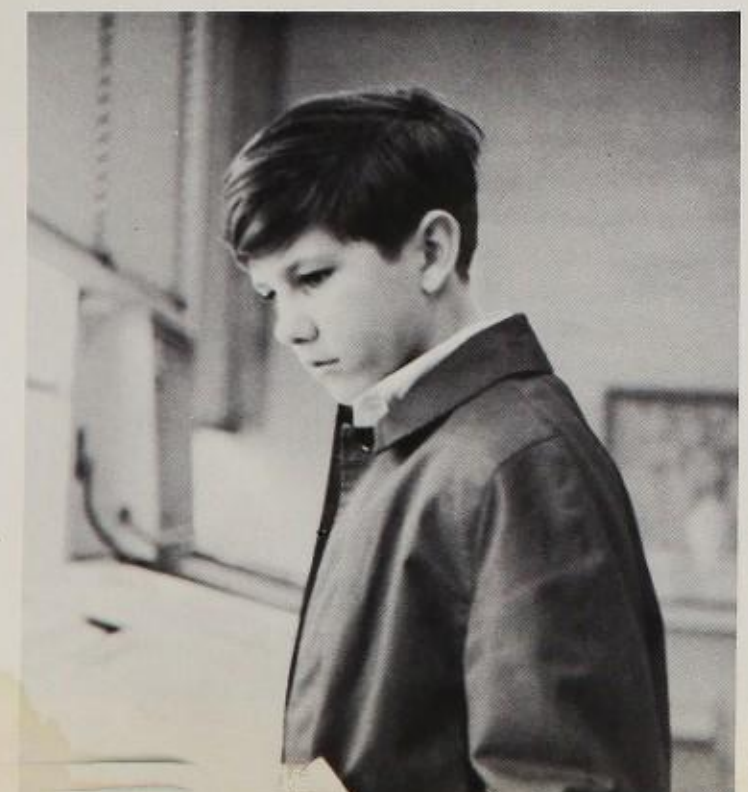


Here are just a few glimpses of what you, the student, will find on our campus . . . the familiar sights that greet you . . . the symbol of the school, the Viking - symbol of strength and courage.



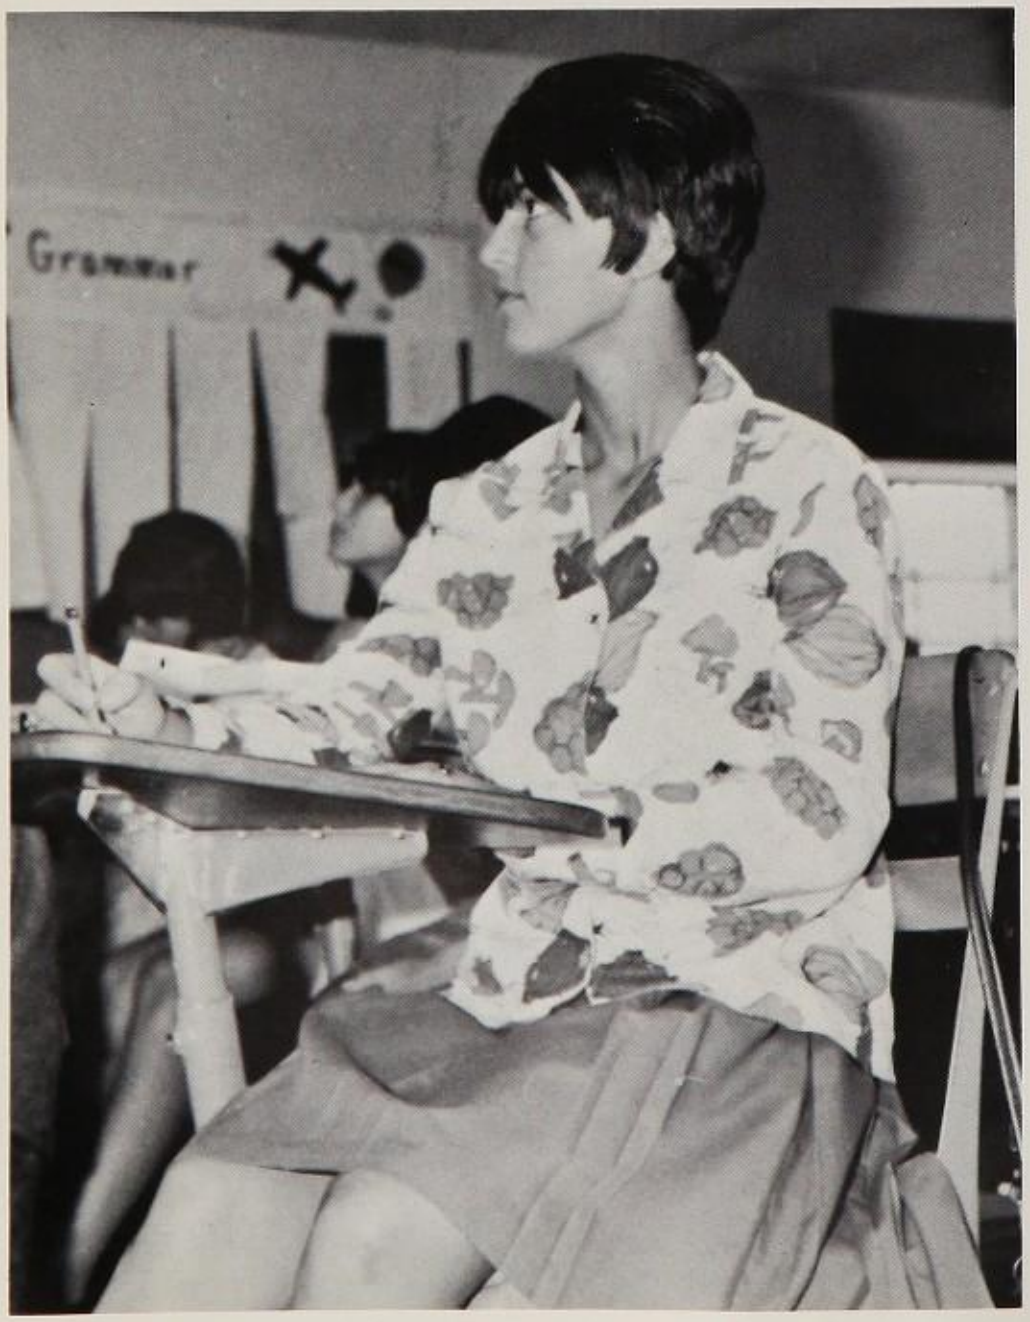
Our own microworld, Northside, revolves around the student himself and his many moods.

. . . disappointments
. . . happiness
. . . pensiveness
. . . studiousness



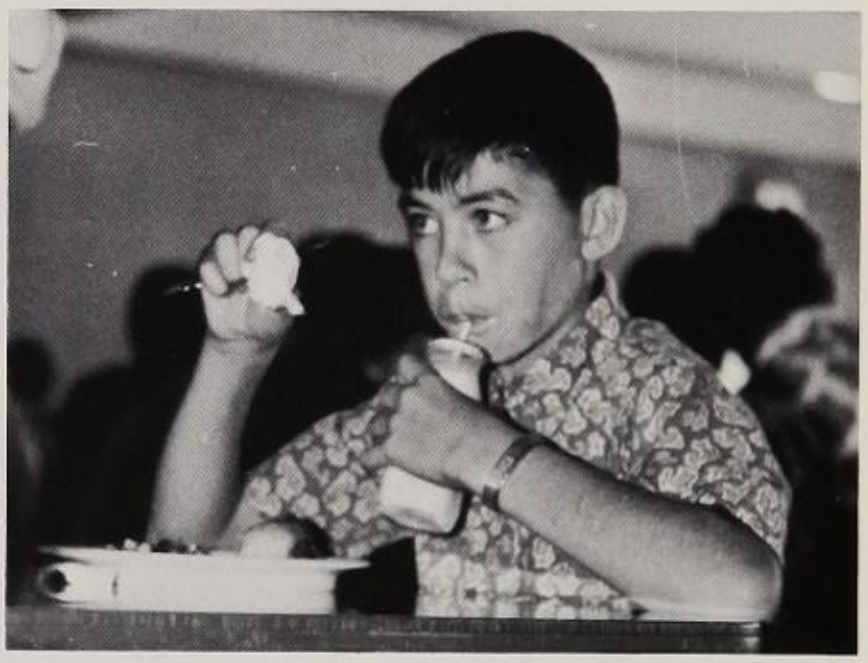
The center of student life is the classroom, where they gain the knowledge and skills to become better men and women prepared to succeed as leaders and citizens of tomorrow's world

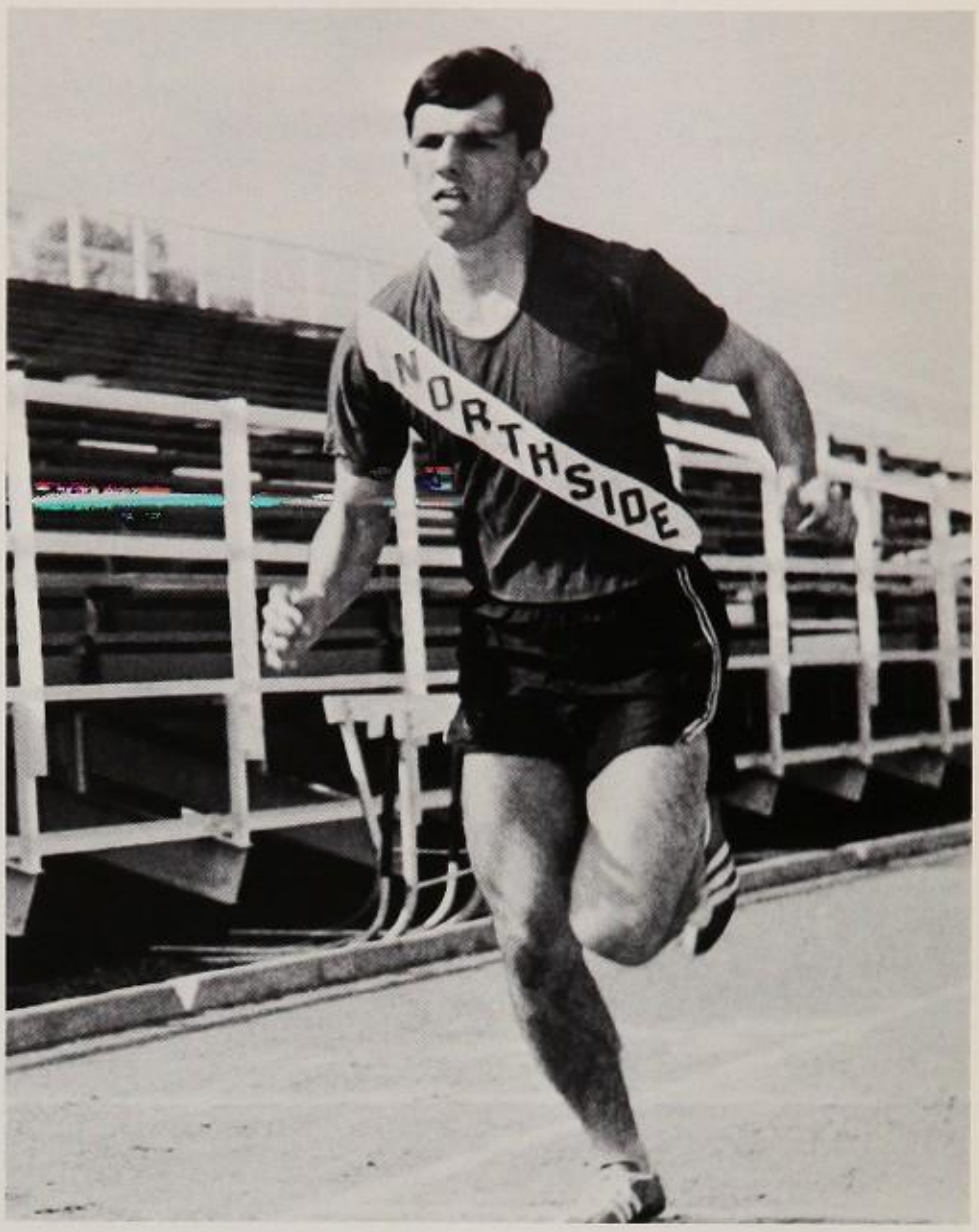
...physical fitness and first aid
...reading, writing, 'rithmetic
...research which broadens knowledge
...job training
...preparation as future homemakers



Another important part of student development is the activities which lend a hustle and bustle atmosphere to Northside.

. . . the freedom of choice
. . . pause for nourishment
. . . the relaxing moments between classes





Physical fitness and sports involve many students, both as participants and spectators. There is always some activity in progress, either a pep rally, a physical fitness program, or some athletic activity which involves the entire student body, thus creating a oneness among the student body.

Your tour ends in the teachers' lounge where you can catch teachers in the act of being themselves.

Yes, Northside is a campus of many activities--a great place to receive a well-rounded education.

Administration and Faculty

Principal Lloyd Faulk

Progress and growth of Northside High School and the northside of Lafayette is a direct result of the leadership and guidance of Mr. Lloyd Faulk, Principal. His foresightedness and wisdom in the field of public relations and community growth have had a far-reaching effect on the entire community. Better classroom facilities, qualified personal, and physical growth of the school plant have made Northside one of the leaders in the Parish.

Assistant Principal
Charles Duhon

Mr. Charles Duhon, our able assistant, works closely with the students to guide them to a successful high school career. His patience and understanding have enabled administration and student body to work together.

Improving the Cafeteria Was the Student Council's Chief Project

Installing air-conditioning units and radio facilities in the cafeteria and keeping an up-to-date current events sign were some of the Student Council's main projects. The school's governing body, composed of the club presidents, homeroom representatives and six elected officials, had such money making activities as raffles and ribbon sales. Mr. Robert Arceneaux served his third year as council sponsor.

Every year the school with the outstanding association in the state is given an award. The Northside GAA is proud to be the recipient of the Kyser Award once again this year. This award, donated in 1962 by Miss Thelma Kyser, Louisiana's pioneer in physical education, is a plaque made of black walnut shaped like the state of Louisiana. Since Northside has won the Kyser Award two consecutive years, it is allowed to keep the plaque.

Northside is the only school in the state to win the award for two consecutive years.
